

Safeguarding Children

Safeguarding is a term which is broader than 'child protection' as it also includes prevention. Whilst local authorities play a lead role, safeguarding children and protecting them from harm is everyone's responsibility. Everyone who comes into contact with children and families has a role to play. We commit to creating and maintaining the safest possible environment for children.

Safeguarding and promoting the welfare of children is defined as:

- protecting children from maltreatment;
- preventing impairment of children's health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

We will work with children, their families and other agencies taking all reasonable measures to ensure that the risks of harm to children's welfare are minimised; and where there are concerns about children's welfare, we will take appropriate action to address those concerns, working to agreed local policies and procedures in full partnership with other local agencies.

We recognise that safeguarding children is vital for registered childcare providers, as part of the legal requirements of their Ofsted registration. We know that having safeguards in place within an organisation not only protects and promotes the welfare of children but also it enhances the confidence of staff, volunteers, parents/carers, management or trustees and the general public.

For the purposes of child protection legislation the term 'child' refers to anyone up to the age of 18 years. We believe children have a right to play and be safe. We take steps to promote their safety.

Policies & framework

Our setting's child protection policy is central to this, but there are many areas that contribute to creating a safe environment, these include:

- Child protection policy and procedure
- Safe recruitment procedure (including suitability)
- Photography, video, mobile phone and e-safety
- Training
- Health and Safety policy and procedures
- First Aid
- Fire Procedures
- Risk assessments
- Secure premises
- Managing Behaviour
- Child registration information
- Procedures for children's safe arrival and departure

- Deployment of staff
- Procedures for meeting the needs of children with specific needs
- Listening to concerns from children, parents and carers

Working with children

We believe in equipping children with a range of skills, information and confidence that will help them to protect themselves in the community. Staff will act as role models and listen to children.

We will discuss in an age appropriate way:

- Choices
- Setting rules
- Values
- Expressing feelings
- Rights of a child
- Healthy relationships
- Friendships
- Appropriate touch
- Recognising and assessing risk
- Problem solving and decision making
- How and where to get help when needed
